FOOD DRIVE *Tips & Tricks*

Gather Passionate People

The most successful food drives - and fundraisers in general - happen because the people behind the scenes truly care about what they are doing. When people are passionate about the cause they are supporting, it is reflected in the end results of their efforts. Start with a core group of mission-minded go-getters, and spread the excitement from there!

Brainstorm & Get Creative

Never underestimate the power of a good brainstorming session. Gather your food drive team and write down ANY idea that comes to mind. Really - anything! There are no bad ideas here. Each person brings a different perspective to the table, and brainstorming is a great way to reveal each person's strengths. Oftentimes, the best results come from a combination of unique ideas.

Use Your Resources

Research other organizations or groups that have hosted their own food drives. Contact friends or family who have done food drives in the past. Reach out to coworkers who might have an effective strategy in mind. Make it a big team effort! And don't hesitate to reach out to Community Cooperative if you need any brochures, newsletters, signage, etc. We are happy to help!

Make a Game Plan

A food drive is no small feat... But if adequately planned, it can be a relatively easy fundraiser with a HUGE positive impact in the community! Make sure you have thought through your food drive and what road blocks you might hit along the planning process. Don't know where to start? Use, print, and share our step-by-step guide to help you stay on track.

STEP-BY-STEP: *Hosting Your Food Drive*

Schedule a Tour or Guest Speaker

Schedule a tour for your group to come see the impact your donation will have at Community Cooperative's Café and Market. If a tour is not realistic for your group, a representative from Community Cooperative would be happy to come share more about what we do. It's important to better understand the "why" behind what we do, and it will jump-start your food drive efforts! To schedule a tour or speaker, contact Rebecca Busby at (239) 332-7687 ext. 121, or email Rebecca@CommunityCooperative.com.

Choose Your Dates

The perfect time for your food drive is NOW! We have families coming to us in need daily. Select a start date that gives you plenty of time for planning and organizing as well as a realistic end date that gives enough time to market your food drive. A successful, well organized food drive can easily be conducted in a short amount of time.

Secure Support

Make sure your corporation, church, school or organization's top management has endorsed your food drive and will do everything they can to help promote, organize, execute, and celebrate it!

Register Your Food Drive

You may use the attached food drive registration form or visit www.CommunityCooperative.com to complete the form. Please return via fax at (239) 479-5335 or email our Food Pantry Coordinator Rebecca Busby at Rebecca@CommunityCooperative.com.

Set a Delivery or Pick-Up Date

Contact Community Cooperative to let us know when you plan to deliver your collection items once the food drive is completed. Designate support personnel within your organization who will be transportation volunteers. If you do not have volunteers to bring the donations to us, you can schedule a pick-up date with Rebecca Busby.

6

Print Our Wish List

Use our attached Wish List, or download it from our website. Non-perishable food donations are always needed, but we have specific lists targeted to the customers we serve, which might be of interest when your team is collecting. Feel free to share the lists with everyone.

7

Plan Your Collection

Where will you collect the food? What will you put it in? You may use your own containers and boxes (we do not provide these for you). If yours is a large organization, you may want to have several collection points with at least one container at each location. A smaller organization should choose one large, visible collection point in a high traffic area. Remember, your collection point also serves as continuous publicity for your drive. Consider overflow and safety if food comes in abundance. Set up a secure cash box for cash donations and checks. Checks can be made out to Community Cooperative.

8

Set Your Goal

Everyone likes to shoot for a goal. Figure out how many pounds of food or how many items you want to collect. Do not be afraid to think HUGE! A banana box full of cans typically averages 40 lbs. Setting a goal, and giving everyone updates on the progress throughout the food drive, will encourage more people to participate and be part of reaching your goal!

9

Spread the Word

Promote your food drive via emails, social media platforms, posters, flyers and by making announcements at every meeting opportunity. Put notices in your local newsletter, on bulletin boards and other publications. Put collection boxes out early and decorate containers to draw attention to the cause.

10

Have Fun

It's time for your food drive! Have fun and be creative in how you collect donations. Consider competitions between departments or other companies. Take pictures as people are dropping off their donations, or gather a group around the collection spot for a photo-op. Add a theme to the drive or an incentive for meeting your goal.

11

Deliver the Food

Have your transportation volunteers lined up to deliver your donation to Community Cooperative on your scheduled date. Please drop off the donations at our Fort Myers location. If you scheduled a pick-up for your donations instead, reach out to our Food Pantry Coordinator to confirm pick-up date and time.

12

Celebrate!

You have truly made a difference in countless lives by hosting a food drive for Community Cooperative. That deserves a celebration! Thank you for supporting our mission to end hunger and homelessness in our community. If you have any photos from your efforts to share, we would love to share them on our website and social media. Be sure to let us know who's in the photos.

Did you enjoy making a difference? Consider making it an annual event!

Not only is this a fun way to encourage team building and community support within your organization, but your help will continue to aid in alleviating hunger and homelessness in our community.

Thank you for your support!
